

PRINCESS 68

2017 | 21.25 m | FOR SALE

OVERVIEW

Princess 68 from 2017, purchased new and continuously owned by the same single proprietor, presented in excellent overall condition.

The vessel has benefited from rigorous and consistent maintenance since delivery and is today ready to navigate, with no works anticipated.

Sought after configuration including notably two Onan 19 kW generators, a Williams Jet Tenders Turbojet 385 tender, as well as a fin stabilizer system, providing significant comfort both underway and at anchor.

The side railings have been raised by approximately 20 cm, enhancing onboard safety. The flybridge is equipped with a bimini top, allowing full enjoyment of the outdoor space with solar protection.

The spaces onboard are particularly generous, with a spacious and perfectly appointed flybridge. The marine qualities of the model, recognized in the market, make it a reliable and versatile platform.

The interior reflects the builder's expertise, with fine wood finishes, precise joinery and a selection of materials providing an elegant and enduring atmosphere. The saloon features an exotic wood flooring in place of carpet, bringing a more contemporary touch and facilitating maintenance. The textile elements, including pillows and headboards signed by Missoni, complete the level of finishing and comfort onboard.
